

How will we support your child with identified special needs starting at school?

- We will first invite you to visit the school with your child to have a look around and speak to staff
- If other professionals are involved, a team around the Child (TAC) meeting will be held to discuss your child's needs, share strategies used, and ensure provision is put in place before your child starts
- A member of the inclusion team/your child's teacher may make a home visit and also visit your child if they are attending another provision
- We may suggest adaptations to the settling in period to help your child to settle more easily
- We may create an Individual Education and Health Plan for your child
- We may arrange support for your child immediately
