Dear Parent/Carer,

We hope that your Easter break was enjoyable. It has been lovely seeing the children running eagerly through the school gates ready to learn. We reiterate the need for all children to attend school unless they are unwell. Children's academic and social development is seriously impeded by unauthorised absence.

Throughout this coming term, we will be showcasing the children's excellent work within future editions of Snippets. Please continue to send in photos of extra-curricular achievements too.

On this day twenty-nine years ago, Stephen Lawrence, an 18-year-old child was murdered in a racially unprovoked attack. This event had a marked effect on the nation and was a catalyst for essential change. However, we are still not there as a country. Racial and social justice is fundamental to the success of our society. As leaders of this school we have the opportunity to help guide our young people on their role in society. It is important that children are given the opportunity to discuss and ask questions about how they fit in and how they can make a difference.

Maintaining our staff's positive mental health and wellbeing is extremely important to us, therefore, we ask that when emailing the school, parents and carers use the school office email address office@hunters-hall.bardaglea.org.uk and not individual member of staff' email addresses. We aim to respond to emails within school working hours and within a reasonable time from receiving the email.

Have a wonderful weekend,
Selina Frazer & Michael Kaitell,
Co-Headteachers

INVEST IN OUR PLANET

Earth Day is an annual event on April 22 to demonstrate support for environmental protection. First held on April 22, 1970, it now includes a wide range of events coordinated globally by EarthDay.org including 1 billion people in more than 193 countries. The official theme for 2022 is: "Invest In Our Planet."

Why not try some of these Earth related activities at home?

Non-screen activities you can do at home

Pobble

Our earth is very special. These activities will help you reflect on how we can make it a better place.

1 Imagine you're a reporter.
Can you write a news report from today? What is the major event you will write about?

2 Interview someone in your family about the world today, what will you ask? Write down their answers.

3 Plant a seed!
Plants can save the earth! Can you plant a tree that will last for years?

4 Clean up your patch of earth.
Go out for a walk in your area, collect litter that has been dropped and put in the bin. Don't forget a pair of gloves and a rubbish bag.

5 Quiz time!
Can you think of ten questions about the earth today? Try them out on someone! How many can they answer correctly?

6 What does the earth look and feel like today?
Can you write a short description? Include what you like and don't like.

7 Hello me!
Write a letter to yourself to open in 20 years time.

8 Investigate!
How are we harming the earth at the moment? How can we change that? Write down what you discover.

9 Write a poem, song or rap to remind people to look after the earth. Perhaps the title could be 'pollution solution'.

10 What would it be like to time travel?
Write a story about it! Which year will you travel to? What does the earth look like then?

11 Wild art!
Collect things from the garden and make a piece of art. A picture or sculpture from twigs or leaves, or something else.

12 Upcycle!
Use items from your recycling to make something cool. A model, a piece of art or something else.

13 Write a diary entry of a memorable day from this year. Make sure you include how it made you feel.

14 Should we celebrate Earth Day every year?
Or should every day be Earth Day? Debate and discuss with someone you know.

15 Ask a friend or family member to write a letter to you. Keep it safe and re-read it in years to come.

16 Draw, paint or make a model of what you think the earth will look like in 20 years time.

17 Take charge!
Can you be in charge of recycling in your house?

18 Favourite things.
What are they at the moment? Write a list. How much do you think they will change over time?

19 Draw a self-portrait.
What do you look like now?

20 Be thankful.
Write a list or draw a picture of all the things you're thankful for on Earth right now.

21 Start a scrapbook.
Collect things from this year to include in it. Photos, newspaper clippings, tickets. What else could you include?

22 Going for goals. Write a list of your goals for the future. What do you hope to achieve?

23 Eco-warrior!
Create a list of the rooms in your house and monitor how often the lights are used. Can you save electricity in any of them?

24 Design and make a poster of all the ways we can look after the earth.

25 Make a time capsule.
You could include all of the things you produce from these activities. What else? Hide it away and don't open it for years to come.

Have you heard about Emotion Coaching?

- 🏠 Emotion Coaching is a communication tool that uses moments of emotion to guide and teach a child or young person about more effective responses.
- 🏠 It accepts all emotions as normal and healthy (but not all behaviours), and considers what the feelings, needs and emotions are behind the behaviour.
- 🏠 It enables us to potentially diffuse and de-escalate situations by activating changes in the child's neurological system and allowing the child to calm down, physiologically and psychologically.
- 🏠 Emotion Coaching helps children to feel seen, appreciated and cared for.
- 🏠 Whilst the research is grounded in parenting, the principles hold true for any interaction (it can be used with your partner, friend, colleague etc...)

In next week's Snippets we will look at the five steps of emotion coaching.
