## Miss Barker special

### Q.A1. We are all going to miss Miss Barker, but what is she going to miss most?

Of course Miss Barker will miss most things, but she'll miss all the kids, their parents and the members of staff.

### Q.A2. what has been her most favourite moment in all the years Miss Barker has worked at Hunters Hall?

Well, Miss Barker doesn't have 1 favourite moment, not 2, but 3 favourite moments.

- When the whole school let of 700 balloons go in Pondfield Park.
- When all the chickens hatched
- Our last excellent inspection on February 2013

### Q.A3. what is Miss Barker planning for the future?

Miss Barker is retiring to look after her mum but hopes to do her garden, look after her 20 pets, make earrings and, of course, read books.

## Hunters Hall School Council

In every class in our school there is a School Councillor. A School Councillor takes ideas from there class mates and discusses them with the other School Councillors. The leader of the School Council is Mrs Knight. They gather the information with Mrs Knight and then they give it to the other School Councillors. When they have time in class the School Councillor will discuss them with there class. After the meeting Lucy, Mia and Mrs Knight will go and type up the new they have discussed and agreed with. The School

chair people out of the year 5 School

Councillors wear a badge so that people walking around the school will know who they are. At the end of whatever year they're in the School Councillors will vote on who they want to be

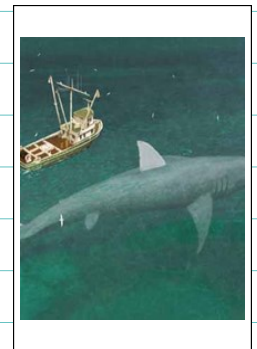

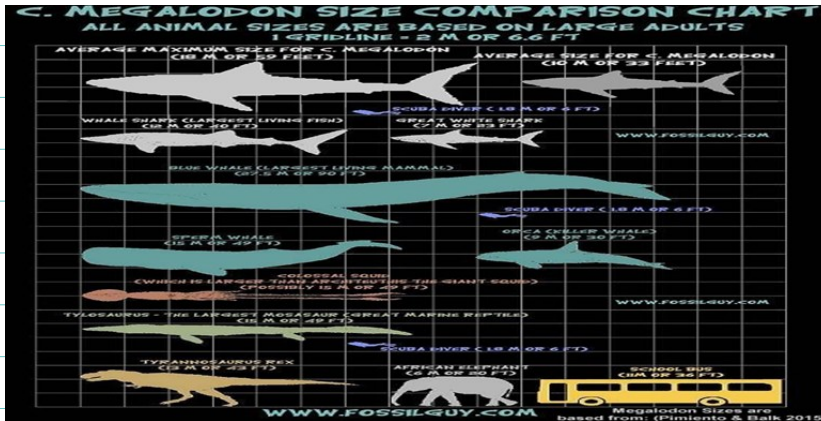

Councillors. If then one of the year 5 Councillors doesn't want to be a chair person then the other 2 people with automatically become the chair people and then that means there won't be a vote. Each School Councillor gets 2 votes. The School Councillor's names are Aidon, Reece, Zakaria, Aarzo, Dara, Iveta, Mckayla, Jack, Beatriz, Lily, Robyn, Teddy, Lewis, Chelsea, Tommy, Brooke, Oly and Tobi. There are two chair people Lucy and Mia.

# MEGALADON???

Sharks have been around for 400 million years but there has been only one shark that is the beast, the Megalodon. The last seen Megalodon was in 1999. People describe the Megalodon as 'The monster shark that lives'. People consider the Megalodon

a dinosaur or a whale. It weighs a stunning 30 tons or 40 max. Megaladons can live for approximately 28 to 1.5 million years. Megaladons eat cetacean and whales for BREAKFAST? There is NO evidence of a Megalodon being extinct or, actually being

alive today! The Megalodon lived in temperatures consistent of 27 degrees Fahrenheit (15oc). when climates changed and the pressure became unstable, many sharks and other animals in the sea world got diseases, lost food and their population began to shrink of course that was until they became extinct.

## What do Years 1 & 2 do at lunchtime?

They have a music box with lots of different types of songs to dance and sing to. They also do exercises to warm up. Muskan and Nabihah get chalk out for year 1 and 2 to draw with on a board. After that they clean it off so they can draw different things. There are some year 5 and 6 students that go and help the little children stay safe. These people are Lucy, Olly, Zara, Joneda, Ashley, Kacie, Jade,

Kaylan, Wisdom, Huda, Casey,

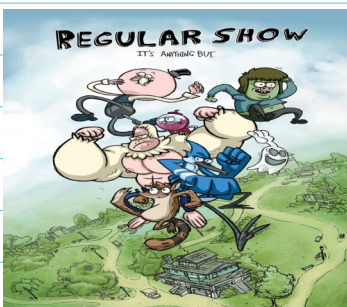

Muskan, Nabihah and Kacie. Also,

year 6 get 7 scooters out and take them in turns. The children love us older children coming out and playing with them. They also enjoy the prams and do sports to keep your child fit. If you are interested in becoming a play leader then just ask Mr. Kaitell after Christmas and you might just be able to get a space. Lexie, one of the year 2 children said that they enjoy us coming out and playing with them.

## Regular Show

The Regular Show has lots of characters: Mordicai, Rigby, Benson, Mr. Malers, Ilene, Margret,

Thomas, Muscle man, Starla, Skips, Pops, and high five ghost.

Mordicai and Rigby always go on crazy adventures. Like one time Muscle man and high five ghost were hogging the computer and Mordicai, Rigby, Muscle man and high five ghost had a basketball match and they accidentally summoned the basketball king and Muscle man faked his

friend to be injured so basketball king went on their team.

## Lego Marvel Avengers

Most marvel fans are dying to play the new Lego Avengers game. Others are getting the Marvel Avengers Lego sets to contain their excitement. There are over 300 characters in this particular game. Some of the new characters include Fing-Fang-Foom, Ultron, Quicksilver, Scarlet Witch, Vision and Hulkbuster. This game is related to both Avengers Assemble and Avengers Age of Ultron films. There are loads of Iron Man armours but there are only few of the armours in this game.

Nicknamed the father of Marvel is the Stan Lee. In both Lego Marvel games they feature Stan Lee. He first appeared as the Hulk with all his powers. Then in this new game he appears as a Stan Lee Hulkbuster called the Stanbuster. If the controller is left long enough, Stan Lee comes out of the armour and starts writing either a new comic or a favourite classic. His weapons are a jumbo pencil missile and, from the Hulkbuster, two blasters. The details on the face are like Stan Lee's face combined with Hulkbuster due to the metal looks. The metal trousers are similar to the Hulkbuster, just a light shade of brown. There is truly good detail on the t-shirt because it has the exact number of buttons which is five. The main colours of this unique amour are white, pink and brown.
