Dear Parent/Carer,

This has been a very busy week – busier than most. We have had children attending a range of events including a Religious Education conference held at Manor Junior School; two music festivals: on Tuesday our ukulele players attended, and yesterday our Year 4 choir performed. Our full governing body met yesterday morning, and we hosted a speech, language and communication conference where practitioners from across the borough attended.

Meanwhile in the classrooms, our fantastic children have been thoroughly engaged with their learning. Eager writers in Year 2 have been writing about a little mouse and its adventures on-board the Titanic. In Year 3, the children have been making stone-age tools and jewellery. Whilst in Year 5, poetry has been on the menu, and when I visited 5VE, the children were highly motivated by their art & DT work. The most memorable thing that comes to mind this week – is in Year 1 where there was a mixture of laughter and astonishment as children examined "dinosaur poo!"

Every day is certainly different in the life of a school. We are always looking at ways to raise standards and the impact of learning for our children. The teaching team has produced an updated marking code. Please discuss this with your children.

Dare to Dream Project

On 19th March, four of our future builders had the opportunity to visit a live construction site at Oxlow Bridge School. This school is currently a live construction project in our local area and was a fantastic chance for our children to ask questions and be inspired to fulfil their dream career. We will be relaunching our Dare to Dream Project in September and are always on the look-out for any opportunities where our children can have a taste of their future career goals.

If you are able to offer any opportunities, or would like more information on how you may be able to help, please see Miss Mullaney.

Who's Who? Mrs Downes

Why do you work at Hunters Hall?

Why wouldn't anyone want to work at Hunters Hall? This school is a wonderful place. I remember the day I walked in for my interview, well let's be real, it was a day of tasks as well as an interview!! I felt the warmth I was elated to get offered the role and feel honoured to be part of this school. The children bring joy to my heart and a smile to my face even on the challenging days. The staff look out for one another I enjoy the hugs and love. I like to help and support people, our families, no two days are ever the same, I like to be able to make a difference. Life can be difficult**.**

What's your role?

Safeguarding Manager / Designated Safeguarding Lead.

Favourite things...

Children, obviously my own and my grandchildren have to come first. Our HHP children come close behind. Family, friends, laughter, dancing, theatre trips, sweets, chocolate and football.

Hopes and Dreams

To stay alive!!! To win the lottery.
To live long enough to see my grandchild grow into adults and remain healthy to still run about and share their fun, laughter and achievements.

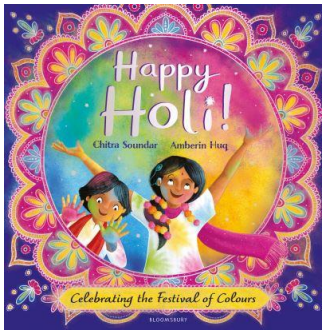
Reading for Pleasure Matters at Hunters Hall

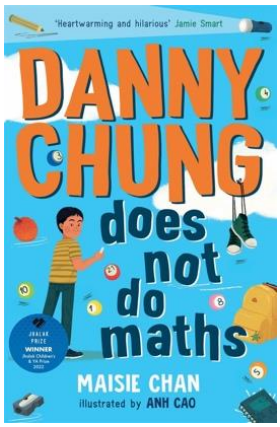
Taking a small break from Year group topics, we will be focusing on showcasing books linking to collective worship! At Hunters Hall, pupils learn about celebrations, festivals and other important events to help promote spiritual, moral and cultural development. Have a look at some book selections below related to important events we've recently commemorated or that are coming up soon!



Holi!

Swirling clouds of colour. Sweet gujiya dumplings. Singing and dancing in the street. Discover the magical moments that make up Holi, the Hindu Festival of Colours, in this bright and joyful picture book.
Young readers will love following two siblings as they enjoy all the wonderful traditions and treats Holi has to offer - baking and bonfires, stories and sweets and, of course, a wild day of fun where people take to the streets and shower one another in brightly coloured powders!

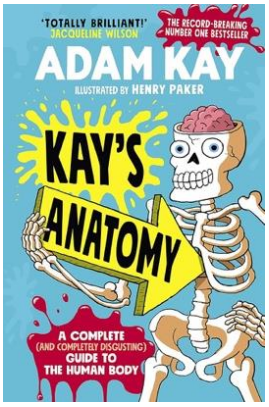
Year 3 are looking forward to their Holi celebration!



International Day of Mathematics!

'Eleven-year-old Danny Chung loves drawing more than anything - certainly more than maths, which, according to his dad and everyone else, is what he is 'supposed' to be good at. His life is turned upside down when a surprise that he's been promised turns out to be a visit from his little, wrinkly, ex-maths-champion grandmother (Nai Nai) from China.
Before long though it becomes clear to Danny that there is more to Nai Nai than meets the eye, and that they have more in common that he thought possible ...

This book is great for Years 5 and 6!



National Science Week!

Do you ever think about your body and how it all works? Like really properly think about it? The human body is extraordinary and fascinating and, well . . . pretty weird!
This book is going to tell you what's actually going on in there, and answer the really important questions, like: Are bogeys safe to eat? And how much of your life to do spend on the toilet?
Sit back, relax, put on some rubber gloves, and let a doctor take you on a poo (and puke) filled tour of your insides. Welcome to Kay's Anatomy.

A fascinating read for pupils in KS2!

Learn to play in a band

Learning an instrument should be fun. Your child can choose from the electric guitar, keyboard, drums or vocals and enjoy playing in a happy, supportive environment with their friends.

Lead by real musicians

Your child's music teacher should also be their role model. Which is why all Rocksteady Band Leaders are carefully chosen, extensively trained musicians who know how to inspire a life-long love of playing music.

In school time

Lessons are 30 minutes long and take place in school time with all instruments provided, making it hassle-free for parents.

From first notes to favourite songs

The Rocksteady Programme is for all children aged 4-11 and is proven to progress musicianship, confidence and teamwork skills with no prior experience necessary.

With regular live performances

Playing on stage is a huge confidence booster. With termly concerts at school assemblies, your child will be able to show off their progress to friends, teachers and parents with the rest of their band.

And happily affordable

Rocksteady is one of the most hassle-free ways to learn an instrument on a rolling subscription that you can cancel at any time. It's risk free too – cancel in the first month and you'll get a full refund.
